

LED..R..W Series Ring Lights

Datasheet

LED Ring Lights (in two sizes) for use with PresencePLUS® Pro, Proll, and Mini Pro sensors

- Low-cost ring lights for PresencePLUS® Pro, Proll, and Mini Pro sensors
- Solid-state LED matrix; select continuous or strobed operation via sensor software
- Direct connection to a PresencePLUS® Pro, Proll, and Mini Pro sensor, or to an external power supply using 3 discrete wires
- Mounts directly to a PresencePLUS® Pro, Proll, and Mini Pro sensor using the included hardware

Models

| PresencePLUS Pro and Proll Sensor Models | | | | | |
|--|-------------|----------------------|-------------------------------|-----------------------|------------|
| Model ¹ | | Color | Ambient Light Filter Kit | Polarizing Filter Kit | |
| 62 x 62 mm | 80 x 80 mm | | | 62 x 62 mm | 80 x 80 mm |
| LEDIR62X62W | LEDIR80X80W | Infrared, 940 nm | FLTI | — | — |
| LEDRR62X62W | LEDRR80X80W | Visible Red, 630 nm | FLTR (included with LEDRRPFK) | LEDRRPFKS | LEDRRPFK |
| LEDWR62X62W | LEDWR80X80W | White, All Visible | FLTB or FLTG | | |
| LEDBR62X62W | LEDBR80X80W | Blue, 464 to 475 nm | FLTB | | |
| LEDGR62X62W | LEDGR80X80W | Green, 520 to 540 nm | FLTG | | |

| PresencePLUS Mini Pro Sensor Models | | | | |
|-------------------------------------|----------------------|-------------------------------|-----------------------|------------|
| Models ¹ | Color | Ambient Light Filter Kit | Polarizing Filter Kit | |
| 62 x 62 mm | | | 62 x 62 mm | 80 x 80 mm |
| LEDIRM62X62W | Infrared, 940 nm | FLTI | — | — |
| LEDRM62X62W | Visible Red, 630 nm | FLTR (included with LEDRRPFK) | LEDRRPFKS | LEDRRPFK |
| LEDWRM62X62W | White, All Visible | FLTB or FLTG | | |
| LEDBRM62X62W | Blue, 464 to 475 nm | FLTB | | |
| LEDGRM62X62W | Green, 520 to 540 nm | FLTG | | |

Installing the Ring Light

The ring light bracket attaches to the top of the PresencePLUS lens block, using the hardware kit provided.

Note: Before installing this light it is recommended that an ambient light filter be installed behind the lens. The filter improves image quality by reducing unwanted ambient light.

Wiring Table

| Light Wire | PresencePLUS Pro Controller Terminal Block | External Power Supply (Strobed) | External Power Supply (Continuous) |
|------------|--|---------------------------------|------------------------------------|
| Brown | Pin 1 (+V*) | +V | +V |
| Blue | Pin 2 (-V*) | -V | -V |
| White | Pin 4 (strobe) | +5V dc to +24V dc OFF | -V |
| | | -V ON | |

* +V = 24V dc ± 10%; -V = dc common

¹ For 9 m (30 ft) integral cable, add suffix "W/30" to the model number (for example, LEDIR80X80W W/30).

Sensing Shiny Surfaces

To eliminate direct reflections without using polarizing filters, angle the sensor approximately 15° (or more) from perpendicular to a shiny surface.

Polarizing Kit

If it is necessary to mount the camera at a 90° angle to a shiny surface, the polarizing filter kit provides filters for both the LED ring light and sensor to reduce the negative effects of strong, direct light reflections. The red filter kit (FLTR) is included with the polarizing kit. When light colors other than red are used, discard the red filter in the polarizing kit and use the proper filter (see Models tables). The polarizing filters reduce the amount of light returned to the sensor.

Clean the Light

Regularly remove dust, dirt, or fingerprints from the light source.

1. Blow off dust using anti-static compressed air.
2. If necessary, use a lens cloth and lens cleaner or window cleaner to wipe off remaining debris.

Important: Do not use any other chemicals for cleaning the light source.

Specifications

Supply Voltage and Current

62 x 62 Models: Infrared — 24 V dc at 100 mA max.

80 x 80 Models: 24 V dc at 250 mA max.

All other colors — 24 V dc at 130 mA max.

Connections

PVC-jacketed 3-conductor 2 m (6.5 ft) or 9 m (30 ft) attached cable

Construction

Low-carbon steel with black zinc plating, acrylic window

Light Source

LED, see Models table for wavelengths

Illumination

High-intensity ring light

Useful Life

10,000 hours (LED ON time). When operated within specifications, output will decrease less than 30% after 10,000 hours and less than 50% (less than 40% for red and IR models) after 20,000 hours.

Operating Conditions

0 °C to +50 °C (+32 °F to +122 °F)

90% at +50 °C maximum relative humidity (non-condensing)

Banner Engineering Corp. Limited Warranty

Banner Engineering Corp. warrants its products to be free from defects in material and workmanship for one year following the date of shipment. Banner Engineering Corp. will repair or replace, free of charge, any product of its manufacture which, at the time it is returned to the factory, is found to have been defective during the warranty period. This warranty does not cover damage or liability for misuse, abuse, or the improper application or installation of the Banner product.

THIS LIMITED WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES WHETHER EXPRESS OR IMPLIED (INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE), AND WHETHER ARISING UNDER COURSE OF PERFORMANCE, COURSE OF DEALING OR TRADE USAGE.

This Warranty is exclusive and limited to repair or, at the discretion of Banner Engineering Corp., replacement. **IN NO EVENT SHALL BANNER ENGINEERING CORP. BE LIABLE TO BUYER OR ANY OTHER PERSON OR ENTITY FOR ANY EXTRA COSTS, EXPENSES, LOSSES, LOSS OF PROFITS, OR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES RESULTING FROM ANY PRODUCT DEFECT OR FROM THE USE OR INABILITY TO USE THE PRODUCT, WHETHER ARISING IN CONTRACT OR WARRANTY, STATUTE, TORT, STRICT LIABILITY, NEGLIGENCE, OR OTHERWISE.**

Banner Engineering Corp. reserves the right to change, modify or improve the design of the product without assuming any obligations or liabilities relating to any product previously manufactured by Banner Engineering Corp. Any misuse, abuse, or improper application or installation of this product or use of the product for personal protection applications when the product is identified as not intended for such purposes will void the product warranty. Any modifications to this product without prior express approval by Banner Engineering Corp will void the product warranties. All specifications published in this document are subject to change. Banner reserves the right to modify product specifications or update documentation at any time. Specifications and product information in English supersede that which is provided in any other language. For the most recent version of any documentation, refer to: www.bannerengineering.com.
