Who is Banner?

Every 3.5 seconds, a Banner sensor is installed somewhere in the world. Banner solves problems for most of the manufacturing companies in the Fortune 500, who rely on Banner for reliable automation solutions.

Banner products help manufacture the cars you drive, the TVs you watch, the food you eat, the medicine you take and virtually every product you consume. Whatever the industry, Banner has a solution to help you automate your plants, improve efficiency and manufacture quality products.

Manufacturing Specialists
Banner is a leading source for manufacturing needs with an extensive product line. With over 30,000 products, including our award-winning sensors, wireless solutions, vision sensors and lighting, machine safety, indicator lights and LED lighting, we have a solution for you.

Application Solution Experts
Our field sales engineers are the most highly-trained and experienced professionals in the industry. They can rapidly analyze an application to help you find the best solution.

Global Presence
We are a global company with a focus on our commitment to customers around the world. Banner has a worldwide support with a network of 3,000 professionals who are ready to help you in your plant no matter where you are located.

Banner Specials
Banner’s growing product lines include thousands of standard products. However, if you have an application requiring a unique solution, contact one of Banner’s Application Engineers and learn about our rapid customization and ability to deliver special product variations.

Thousands of products for your lean manufacturing needs

Banner Engineering offers the industry's most complete and integrated line of sensors, machine vision solutions, wireless I/O networks, safety products and indicator lights available worldwide. Banner technologies lead the way to more efficient, error-proofing, inspection and automated assembly.

Sensors
Banner supplies sensors to virtually all the manufacturing companies in the Fortune 500. Banner offers the world’s most complete line of photoelectric sensors—over 12,000.

Measurement & Inspection
High-quality optical, ultrasonic, radar and measuring analog sensors help to solve the most challenging measurement applications.

Machine Safety
Banner produces a wide range of safety-related products, including safety light curtains, safety interlock switches, E-stop modules, and touchscreen control modules that protect personnel and equipment.

Machine Vision
Banner’s extensive line of vision sensors ensure accurate barcode reads, as well as provide a reliable solution for automation system bar detection. Banner offers standard and high-resolution gray scale, color, single and multipurpose vision sensors, as well as TD and DC barcode capability.

Wireless I/O Network
Banner Engineering’s SureCross wire replacement products are designed for safety use. The most basic network includes a Gateway and one Node. Many software modules include pre-defined I/O mapping between two devices.

Lighting & Indication
Banner offers a wide variety of lighting and indicator solutions, including LED lighting, signal tower lights, indicators, touch buttons and push-to-light indication, with flexible design, assembly and installation options. Banner’s integrated lighting and indication solutions are a unique solution that suits many environments, workplace efficiency and mounting needs.
