California Proposition 65 Compliance Statement

To Our Valued Customers and Partners,

This letter serves as the official declaration from **Banner Engineering** regarding the compliance of our products with the California Safe Drinking Water and Toxic Enforcement Act of 1986, commonly known as **Proposition 65**.

Statement of Compliance
Banner Engineering is committed to providing safe, high-quality products. We continuously monitor the Proposition 65 list of chemicals maintained by the Office of Environmental Health Hazard Assessment (OEHHA) and evaluate our product formulations and manufacturing processes accordingly.

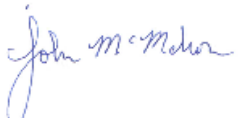

Product Status
Based on our current knowledge, supplier certifications, and/or internal testing, we declare the following regarding the items listed in the table below:

Product Group	Description	Prop 65 Substance
Q85 Series Sensors	Q85*	Nickel (7440-02-0), Lead (7439-92-1), Lead oxide (1317-36-8), Ethyl acrylate (140-88-5)

*Note: There is no significant opportunity for exposure or release under normal usage.

We will continue to work with our suppliers to ensure our products remain in compliance. As we continue to carry out our internal audit and work with our suppliers, we reserve the right to amend this statement at any time based on subsequent developments or information.

Should you have any additional questions please contact Compliance Team at bannercompliance@bannerengineering.com.

John McMahon
Director of Regulatory Compliance
