

## Demo Kit (DK-SNAPSIGNAL)

Models	Part Number	Description
DXMR90-X1	812240	DXMR90 Industrial Controller
S15C-I-MQ	810628	4-20mA Current to Modbus Converter
Q4XTILAF100-Q8	94885	Laser Sensor with 4-20ma Analog Output
S15S-TH-MQ	812242	Temp/Humidity Sensor in S15 Housing
K50PTCD4SQ	812688	K50 Pro Touch with PICK-IQ
WLS15PXRGB0220DSSQP	809930	WLS15 Pro Strip Light with PICK-IQ
PSW-24-1	803521	Power Supply
CSB-M1250M1250-T	807397	Parallel Wired M12 Tee
CSB-M1240M1240	64206	Parallel Wired M12 Splitter
	229466	Demo Card

## How to Demo

The DK-SNAPSIGNAL Demo Kit includes select models from Banner's Snap Signal portfolio and offers a visual representation of Snap Signal Overlay technology and how you can add sensors and visual elements to applications without disturbing an existing controls system. The demo is preprogrammed, so simply power it up and it is ready to demo. Scan the QR code below for a video going over the demo kit.
