

**IO-Link****Device Test Report**

Device Test System Revision : 3.0.9.35 Build: 2018-3-8 Test ID:577893393

Vendor : Banner Engineering Corporation

Device Name : LM150KI

Vendor ID : 0x01C3

Device ID : 0x080001

IO-Link Version : 1.1

Product ID : LM150KIQP

ISDU supported : True

SIO mode supported : True

Process Data Input Bits : 32

Process Data Output Bits : 8

Min Cycle Time : 3600 µs

Bitrate : COM2

Implemented Access Locks :

parameter="True" datastorage="True" localParameterization="True" localUserInterface="True"

IODD : Banner\_Engineering-LM-20180423-IODD1.1.xml

Checker : IODD-Checker V1.1.3

CRC : 4087091852

Firmware Revision : 1.0.73

Hardware Revision : not known

Test result : All test were passed with positiv result in complete operation

Test operated by :

Company : Banner Engineering Corp.Name : David S. Anderson
